FORMALLY ORGANIZED

Baseball Fans Got Together and Launch New Team.

Last night about twenty of Maysville's enthusiastic baseball players and fans met at Pearl Blythe's barber shop and organized a baseball team, by electing Mr. Lee Drosel president and manager; Mr. C. E. Dietrich, secretary and treasurer, and Mr. E. Wilson field captain. The new club will play a series of sixteen games on Sundays and holidays in the league park, with teams from Covington, Newport, Cincinnati and Portsmouth.

In order to get the best material for the club in the city the boys will play a match game on next Sunday at the ball park at 2:30, and the players on the two teams will be selected as members of the regular team. No favoritism will be shown regarding the selection of players, but only those who look most promising will be tried out for regular positions. This game will be absolutely free to all who care to attend.

The boys will pass around among the fans and merchants in the next few days soliciting funds to get uniforms and the necessary paraphernalia for the use of the club.

It is hoped the contributions will be liberal and encourage the boys to give us a good article of ball this summer, as they are all home boys.

OFF FOR WINCHESTER

Judge Rice Heads Delegation From Mason County To Discuss the Boone Highway.

County Judge W. H. Rice this morning headed a party, consisting of C. E. Dietrich, of The Ledger; M. J. McCarthy, of the Bulletin, and T. J. Currey, of the Independent; Rees Kirk, Squire D. Ed. Bullock, Squire William Lane, William Collins, A. M. Casey, and others, all bound for Winchester. They go in response to an invitation from County Judge Stevenson, of Clark County, to discuss plans for the building of the Boone Highway, from Erie, Pa., to the southern coast, through Knoxville, Tenn.

Just what action or how far matters have gone in this direction is not fully known by those attending from Mason county, and they go to learn more about the proposed road and route.

MRS. BOYD AGAIN

Attorneys Persistent and Charge Conspiracy in Federal Court and Nearly Everybody Is Sued.

(Times Star.)

Stella Hamilton Boyd, of Cincinnati, sued in Judge Cochran's court in Covington Wednesday for an accounting and for a change of guardianship. In her petition she named the Equitable Trust Company of Dover, Ky., as her guardian, and J. E. Robertson, of Augusta, Ky., as her former guardian. The suit also is directed at Allen D. Cole, of Maysville, Ky., and Gabe and Bessie Hamilton. The estate in question was that of Sophia Hamilton, who died January 13, 1904. She charges that a conspiracy was entered into to cause her arrest in Cincinnati on the charge of abandoning her child, but that she was dismissed. She also charges a wrongful suit was brought against her in Bracken county, Kentucky, to obtain \$2,000 from her for her maintenance. She asks that the Equitable Trust Company be removed as her guardian and that J. E. Robertson and the bank holding her money be forced to give an accounting and be restrained from paying out any funds. Also that County Judge W. H. Rice, of Mason county, be restrained from any order governing the movements of herself and her child. Judge Cochran granted a temporary restraining order and set the case for hearing April 22. Attorneys W. H. Valentine, George W. Wilch and Louis Sawyer represented the plaintiff.

K. OF P. ENTERTAINMENT

To Be Given Friday Night At Their Castle Hall.

On Friday night Limestone Lodge No. 36, Knights of Pythias, will confer the rank of Knight on several Esquires, some of them coming from out-of-town lodges to receive this degree.

Limestone Lodge has the distinction of putting on this work in lodge form in better shape than any other lodge in this district, so a large attendance is anticipated.

After the regular meeting a social session will be held, at which refreshments will be served and several speeches made. Among them will be a short talk by Mr. C. E. Dietrich on the early history of the order.

In order to make the occasion a success, all of the nearby lodges have been invited to attend in a body.

This lodge is in a most flourishing condition and are practically out of debt, having recently paid off all of its indebtedness except \$1,000 due on the building. This is a splendid showing, when it is remembered the members went into debt for \$5,000 about four years ago to erect their beautiful home.

BADLY BURNED

Was Little Daisy Roland, of Chester Street, Yesterday Afternoon.

Yesterday afternoon little Miss Daisy Roland, aged 3 years, daughter of Mr. and Mrs. Addison Roland, of Chester street, Sixth Ward, while playing with her brother, John, who had procured some matches from the house and started a fire in the back yard. Miss Daisy's dress caught fire and probably the child would have been burned to death but for the heroic efforts of Mrs. Annie Frey, her aunt, who grabbed the child and rolling her over and over, extinguished the flames and saved the little girl's life.

As it was, Miss Daisy escaped with bad burns about the body, while Mrs. Frey was burned on the arms. Dr. A. R. Quigley administered relief to both sufferers and this morning they are resting easily.

Concerning Soil Tillage

After the ground is plowed, it should be disced and harrowed until all lumps are finely pulverized. This is because the delicate plant roots cannot penetrate hard lumps and are, therefore, deprived of much plant food. Tillage increases the availability of plant food elements by changing the arrangements of soil particles and bringing together those that have not before been in contact. It also changes the relation of the soil with air, water, salts and acids in the soil, making available plant food that would otherwise remain dormant.

FEAR AND TUBERCULOSIS.

In discussing the tuberculosis problem in rural communities and the duty of health officers in the December number of the American Journal of Public Health, Dr. S. Adolphus Knopf, professor of medicine in the New York Post-Graduate Medical School and Hospital, said: "One must first overcome the fear of the disease in order to combat it successfully." And then the good doctor adds the way in which the fear may be overcome by declaring that "it is a good thing to tell a lay audience that probably every one of them, or at least nine-tenths of them have or have had tuberculosis at one time or another in their lives, and that we are not at all certain that a slight attack of tuberculosis does not confer upon us a certain immunity to future attacks." Can one beat that for consistency?

In an address to the Chicago Traffic Club, President Sprunt, of the Southern Pacific railway, said that it was not alone the employees who suffered from lack of work, but that employers themselves got out of work first. When employers have work the mills are busy.

The fact that over 62 per cent of our imports came in free of duty in the month of January throws some light on the reason why the revenues of the government are decreasing.

A TIMELY KICK.

Numerous complaints are being made by the residents of this city about the unusually large number of stray dogs running at large. Would it not be a good idea, Mr. Mayor, to get your dog catchers busy and relieve Maysville of these loafing canines? Residents who have beautiful yards, say the dogs romp over the flower beds and break down the tender shoots and otherwise do much damage. They argue we must be rid of the dogs, or else put up wire tight fences with spring gates. The Ledger voices the complaint: Down with the dogs and let us have pretty yards. They are more beautiful to the sight than a cur dog.

The editor of Leslie's Weekly received an interesting letter from a subscriber in Seattle, Washington. It recites that recently an order for 500,000 feet of lumber was received by a dealer in Portland, Ore., from Philadelphia and that the lumber was purchased in British Columbia and shipped in a British ship because Congress has taken the duty off Canadian lumber and levied tolls on American ships using the Panama canal. Leslie's Seattle reader adds: "A trainload of Canadian lumber and shingles enters the United States daily. Hail the New Freedom!" Is it difficult to answer the question, "What is the matter with business?"

Inconsistent.

"Then you don't think I practice what I preach, eh?" queried the minister, in talking with one of the deacons at a meeting.

"No, sir; I don't," replied the deacon. "You've been preaching on the subject of resignation for two years, and you haven't resigned yet."—Tit Bits.

SPORT LETTER

Cincinnati, April 14, 1915.

As this is being written, the merry crack of the bat and the frenzied shrieks of tens of thousands of spectators are heard in many of the big league cities of the land, marking the opening of the baseball season of 1915. Here in Cincinnati the newly-born Reds are hooked up with the rejuvenated Pittsburgh Pirates, and while the first few games will hardly indicate the real strength of the opposing teams, there is bound to be a sufficient amount of talent displayed to give the fans a better idea of the real strength of the Reds than they now have. It is universally conceded that the Reds are stronger in three departments than they were last season, and that the pitching staff also appears to have been greatly improved. This latter proposition remains to be proved. But there is no doubt that in the matter of fielding, batting and base-running, the aggregation is far and away better than was the gang that finished last in 1914.

These United States have not yet ceased to jubilate over the victory which crowned the brow of Jess Willard, the husky Kansan, in his fight with Jack Johnson for the heavyweight championship of the world. Willard is being lionized throughout the east, but seems to be taking his honors modestly, a fact which is adding greatly to his popularity. So far only one real proposition has been made to the new champion for a match, this being an offer from the National Sporting Club, of London, which would match him with Frank Moran, the Pittsburgh freighter. Moran, it will be recalled, was put away by Jack Johnson in France less than a year ago. Since that time Johnson has gone back, while Moran may have improved, thereby making possible a lively scrap, should Willard and Moran get together. However, it is not likely that Willard will fight for nearly a year, as he is anxious to secure a return on the pugilistic capital which he amassed in defeating Johnson.

Looks like the finish of the human bookmaker was near—or already here. Word comes from Juarez, where the winter racing meeting has just closed, that the pari-mutuel system probably will be tried there next winter, as the wiping out of their bankrolls has wiped out the tribe of bookmakers that have been hanging on by their skinny limbs for some seasons. The bookies dropped about \$50,000 at Juarez, this being their last stand. Some of them may be able to raise the wind between now and next fall; but as all the betting done openly on the races this summer will be by the pari-mutuel system, the prospect of an effective working of the financial pulmotor on the bookies is extremely slim.

At least six American stables will be represented in the running of the English Derby, which will be an event on the English turf this year, despite the big war in Europe. Those who will have starters in the most famous race in the world are August Belmont, Louis Wiggins, Charles Carroll, Thomas Ryan, Harry Payne Whitney and Herman Duryea.

FIFTY YEARS OF THE LOYAL LEGION.

Philadelphia, Pa., April 15.—The Military Order of the Loyal Legion celebrated its fiftieth anniversary in this city today in connection with exercises held to commemorate the fiftieth anniversary of Lincoln's death. The order was founded in Philadelphia, April 15, 1865, on the day that the rejoicing of the north over the end of the war was turned to grief over the assassination of Lincoln. The membership of the order is confined to officers of the United States army, navy or marine corps, who saw active service in the Civil war, and to their direct male descendants. The order now has twenty-one state commanderies and a total membership of nearly 9,000.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Pains of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an over-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fail there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. Annie McClellan, 541 W. Second St., Maysville, Ky., says: "I was often dizzy and nervous and my head ached. I had pain in my back and my kidneys were weak. Doan's Kidney Pills stopped the complaint immediately and made me well and strong."

Mrs. McClellan is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. McClellan had—the remedy backed by home testimony. 50c all stores. Given under my hand, at my office in the City of Maysville, Mason County, Kentucky, this 3rd day of April, 1915.

TOO MUCH SODA AND CIGARETTES.

Morgantown, W. Va.—Morgantown high school boys and girls smoke cigarettes and drink too much soda water, according to Judge Sturgiss, in charge to the grand jury. "A bit of whisky now and then would not be hurt so bad as too many drinks of the soda stuff," he said.

STUNG GOOD AND RIGHT.

Farmers and residents of rural communities are beginning to make complaint of the non-arrival of magazines and premium pocketbooks for which they have paid their money. During the winter and early spring soliters have been active on court days and about the tobacco markets selling a magazine for three years and a pocketbook as a premium, all for a dollar. Cases are multiplying in which the investor reports that he has received nothing as yet for his money.

Maysville and Mason county furnish a goodly number of these willing suckers.

STANLEY WATSON TO ADDRESS CREDITS ASSOCIATION.

Mr. Watson will explain the plan of the rural credit system in Europe and the modifications which are adapted to make its operation feasible and practicable in this country.

ONE DROWNED—THREE HAD VERY NARROW ESCAPE.

Bert Brammer was drowned, and three other men, all residents of Bradrick, barely escaped with their lives, when the skiff in which they were seeking to cross the Ohio river in the eastern part of Huntington, was swamped by the waves about 12:30 o'clock Saturday.

RUN-DOWN WOMAN

Made Strong By Our Vinol

Fort Edward, N. Y.—“I was in a run-down, nervous and weak condition, so I could not do the housework for my little family of three. I had taken cod liver oil emulsions and other remedies without benefit. A friend told me about Vinol. I tried it and it soon built up my strength and made me a well woman so I now do all of my housework.”—Mrs. ELMER GLIDEN.

\$100,000 MAUSOLEUM

For the Core Family Now Adorns Richmond (Va.) Cemetery.

(Richmond News Leader.) Norfolk, Va.—Within thirty days, it is expected, the magnificent mausoleum, which is being erected in Elmwood cemetery as a memorial to the late John H. Core, of Norfolk, and which is to cost \$100,000, will be completed.

Workmen who have been engaged in constructing the exterior of the structure, which is of Barre granite, have finished their labors, and there arrived Saturday from New York several artists who will at once begin laying the mosaic floors and placing in position other interior embellishments which will make the mausoleum one of the handsomest and most artistic structures of its kind in the country.

L. Clay Kilby, executor of the estate of Mr. Core, under whose direction, as provided in Mr. Core's will, the mausoleum is being built, said yesterday that it is hoped the entire edifice will be finished in the next thirty days, that is with the exception of four statues, representing "Love and Faith" in one group, and "Hope and Charity" in another.

These statues, life-size bronzes, are being made by Edward F. Sanford, draughtsman, of New York. Mr. Kilby said it is hoped the statues will be ready when the interior of the mausoleum is completed, or shortly thereafter, and that when they have been placed in position, the structure will be complete.

Mr. John H. Core was an uncle of the late Bruce D. Core, of this city.

SNAP SHOTS.

An arbitrator is sometimes one who hears both sides of a quarrel and then decides to call the police.

Every man is on trial before a jury composed of the women of his neighborhood, and the verdict usually is "guilty as charged."

The most tiresome individual is the "Sunny Jim." Human nature, to be appealing, must run to high and low temperatures, with rain, sleet and variable winds.

Among those who get their living from his kind, a sucker is known as a "38." But, as a matter of fact, most suckers are 22's.

"He is the sort of fellow," said Eph Wiley yesterday in discussing his son-in-law, "who calls a doctor 'Doc.'"

In hiring a bartender particular care is always taken to select one who is sober and reliable.

CAPT. MURPHY'S BIRTHDAY GIFTS—A BASKETFUL OF 'EM.

Captain David A. Murphy, now 73, an Ohio soldier-editor, at Buena Vista, received a basketful of lovely tokens of esteem last Saturday, his seventy-third birthday, as follows:

Bishop J. H. Vincent, \$5; Hon. R. M. Hughes, \$1; two bank friends, \$1; an old vest pocket, 50 cents, with handkerchief, bread, cakes, butter, eggs, oranges, apples, and "lots of love" from a Richmond (Ky.) maiden.

Captain Murphy lives to all his loyal friends, and rejoices with them that the United States is now in peace with mankind.

Beautiful Home For Sale

Mr. and Mrs. Robert Dawson have placed with us for sale their new home on East Second street, in the Sixth Ward. This home is located on a large lot, 72x150 feet, and running back to Williams street. We will not make any attempt to describe this home in detail. It is built of pressed brick, with hardwood floors, basement under the entire house, slate roofing, hot water, furnace, gas all over the house, and in fact, is modern and complete throughout, and must be seen to be fully appreciated. This beautiful home has been admired by all who have seen it, and every Maysvillian is justly proud of such enterprising citizens, as the builders of this property. Mr. Dawson's health is such that his physician has advised him to spend his winters in the South, and for that reason he offers his home for sale at less than cost, \$6,500.
